

SATURDAY TIME TRIAL

WHAT? A fantastic **short circuit time trial** of the last sweet piece of single track that you'll ride at the end of the Willo trail on Sunday. The course is 3 km long and is 95% single track.

WHEN? Saturday 22nd March commencing 4pm. Gather at marshalling point below at **3:45pm**.

WHO? This event is open for one and all riders who have registered for any of the Willo categories. Race number plates must be attached to your bike! **Cost:** \$5 per rider. Pay at Rego.

WHERE? The gathering-starting point is at the **Finishing Arch** at the southern end of the Event Centre. From the Starting point, the short course will run south down the fireroad for approximately 1/2km. Adjacent to the quarry, the course enters the single track known as Tangles. From there the single track weaves you over 2km back through the forest, and onto a fire road with a 1/2km sprint to the short course finish.

HOW? You'll be sent off in 1 minute intervals in an order to be determined by the race commissaire. This is a time trial so fastest time wins!

PRIZES? Yes! There will be prizes of cash and/or product for first, second and third in both male and female categories. If there are more than 8 in junior categories (under 17) either male or female (or both) first second and third prizes will be awarded to this group as well. **Presentation will be at the Event Centre at 6pm.**
